## REACH with Nalco

Dear Sir/Madam,

Based on current and available information, all Nalco products sold within the European Union do not contain any Substances of Very High Concern (SVHC) as listed on the candidate list published by the ECHA as of 28/10/2008.

To the best of our knowledge Nalco does not use SVHC in any manufacturing process, nor are they a part of the raw materials used in manufacture.

If you would like more information regarding REACH please visit our website [www.nalco.com](http://www.nalco.com). If you have any further questions, please contact me directly or send your query to [Reach@nalco.com](mailto:Reach@nalco.com)

Sincerely yours,

A handwritten signature in black ink, appearing to read "Huw P Jones".
